

## How to Report Copyright Violations

If you believe that your copyright rights are being infringed by third-party content on a Kwalee App, please notify us using this procedure. In responding to your complaint, Kwalee may remove the third-party content. Kwalee may also, in circumstances it determines appropriate, terminate its relationship, including any relevant accounts, with the third-party content owner. In other cases, a complaint may be found to be materially incomplete or inadequate and may not be processed.
